THE RESIDENCES

Positioned on the third and fourth floors of the prestigious Chevalier House on Brompton Road, two stunning one-bedroom residences combine elegant proportions with calm, contemporary interiors. Each apartment extends to approximately 790 sq ft, defined by impressive ceiling heights and expansive floor-to-ceiling glazing, allowing natural light to fill the principal reception and dining space while enhancing the sense of openness throughout.

The interiors have been thoughtfully reimagined as a complete, design led scheme, where a sophisticated palette of materials and textures is combined with bespoke detailing and beautifully executed finishes. Havwoods engineered oak herringbone flooring runs throughout the principal living areas, complemented by antique brass ironmongery and timber panelled doors.
